### **OVER THE YEARS**

we've recorded a lot of material during our concert tours. Most of the tracks we recorded live, some we recorded in the studio in between concerts. We've never had the chance to release these recordings and so they slowly turned into **WHITE**, Ineke Vandoorn & Marc van Vugt *collectables one*.

### **NO LESS THAN**

29 musicians play on the CD **WHITE**: saxophonists Andy Sheppard (UK - Carla Bley) and Sylvain Beuf (Fr - Bojan Z, André Ceccarelli). the complete Nederlands Kamerkoor (17 singers) and Big Bizar Habit.

### **WHITE**

is the 10th CD... on which Ineke Vandoorn & Marc van Vugt have worked together. The CD unfolds as a canvas on which the duo creates their own world in 10 songs. A world in which intimacy predominates and where the odd burlesque outburst may surprise the listener. In poignant and often very personal lyrics Ineke Vandoorn outlines her subtle observations of daily life. Moreover, she goes deeper to express what usually remains unspoken.

## THE MUSIC

is characterized by long and associative lines that often reveal a melancholic undertone. In several orchestral tracks composer Marc van Vugt shows his superb eye for details. Although there are obviously echoes of different styles like the virtuoso Brazilian choro, jazz music and the fairytale-like (pop) music of Scandinavia, WHITE is unmistakably Vandoorn/Van Vugt.

## AT THE CD PRESENTATION CONCERTS

pieces from WHITE will be played, as well as new songs and lyrics: ballads, virtuoso improvisations and standards. The concerts will be played in a quartet with either drummer Joost Lijbaart (Batik, Yuri Honing) or drummer Michael Vatcher (Braam deJoode Vatcher) and bassist Paul Berner (Paul Berner Band). As a rhythm section these musicians have worked with the duo for many years as worthy sparring partners.
